2. PRIVATE PARTICIPATION

2.1 This Agreement constitutes a private arrangement between the Company and the Participant made by individual invitation. It is not an offer to the public.

2.2 The Participant confirms that the Participant has been invited individually and is entering into this Agreement for the Participant’s own account and not as nominee, agent or intermediary for an undisclosed third party.

2.3 The Participant acknowledges that availability of the Agreement on the Growth platform does not constitute a public offer. Access is restricted to invited and eligible participants.

2.4 This Agreement is the governing document for the Participant's DOS participation. If any one-pager, FAQ, explainer, white paper, presentation, explanatory material or other non-contractual material differs from this Agreement, this Agreement shall prevail.

2.5 The Participant shall also be bound by the Growth Platform and Custody Terms to the extent applicable to the operation of the Wallet and platform.

3. PARTICIPATION AND ALLOCATION

3.1 Subject to this Agreement, successful completion of all applicable checks and receipt of cleared funds, the Participant shall pay the applicable Participation Amount and the Company shall allocate the applicable number of DOS stated in Schedule 2 and the Participant's Growth participation record.

3.2 The applicable price per DOS and allocation shall be determined by the participation level selected and accepted by the Company through the Growth platform.

3.3 The current DOS value is USD 0.012 per DOS. Founding Member participation of USD 500 or more may be offered at the original issuance price of USD 0.010 per DOS, subject to availability, invitation and the applicable Founding Member allocation. The Founding Member offer is limited to 100 members and is stated to close on 16 October 2026, unless withdrawn or changed before acceptance.

3.4 The USD 250 participation level uses the current DOS value of USD 0.012 per DOS and is outside the Founding Member offer.

3.5 The Company may decline or limit any participation, in whole or in part, before the Credit Date, including for eligibility, KYC/AML, source-of-funds, sanctions, regulatory, capacity or other compliance reasons.

4. NATURE AND RIGHTS OF DOS

4.1 Each DOS is a digital record of the Participant's contractual participation rights under this Agreement in relation to the DOS Pool.

4.2 DOS are not shares in the Company and do not, by themselves, confer voting rights, management rights, rights to attend shareholder meetings or rights to dividends, unless expressly provided in this Agreement or required by applicable law.

4.3 The total supply of DOS is fixed at 1,000,000,000. Hold Bonus DOS, when issued, are issued from the reserved portion of the DOS Pool and do not increase the total supply.

4.4 The value of DOS is linked to the performance of ShivAI's underlying business and assets and may increase or decrease. The Company does not guarantee any particular value.

4.5 The Participant acknowledges that DOS are subject to the restrictions, unlocking conditions, transfer limitations and risks expressly set out in this Agreement.

5. PAYMENT, KYC AND CREDITING

5.1 The Participant shall complete the identity, eligibility, KYC/AML and source-of-funds checks required by the Company and Growth before making payment.

5.2 Payment shall be made by bank transfer from an account held in the Participant's own name to the bank account held in the name of Call Shiv AI Developing Services, Dubai, UAE, using the bank details displayed or separately communicated through the authorised Growth participation process. Payment may be made in USD or AED. No cash payments and no third-party payments shall be accepted.

5.3 The Participant shall upload payment proof through the Growth platform or as otherwise instructed. The Company shall credit the applicable DOS to the Participant's Wallet within five (5) Business Days of receiving cleared funds and completing the required checks.

5.4 The Company may delay crediting while any verification, compliance, banking or other required check remains outstanding.

5.5 All DOS are locked from the Credit Date until they unlock in accordance with Clause 6.

6. UNLOCKING

6.1 Fifty per cent (50%) of the DOS allocated under the applicable participation shall unlock at Month 12, calculated from the Credit Date.

6.2 The remaining fifty per cent (50%) shall unlock at Month 24, calculated from the Credit Date.

6.3 After Month 24, the Participant may continue to hold the DOS for as long as permitted by applicable law and platform rules. No further Hold Bonus accrues after Month 24.

6.4 The Hold Bonus is separate from the unlocking of the original allocation and is governed by Clause 8.

7. SHIVAI TREASURY FIRST RIGHT AND TRANSFER

7.1 ShivAI Treasury shall have the first right over unlocked DOS. A Participant wishing to transfer unlocked DOS to ShivAI Treasury shall first submit a transfer request through the Wallet in the manner prescribed by Growth.

7.2 The indicative Treasury buyback ratios are: (a) at Month 12, 1.20X of the Participation Amount for the unlocked portion (the first 50%); and (b) at Month 24, 1.50X of the Participation Amount for the unlocked portion. Where the Participant has held the full allocation to Month 24, the 1.50X

ratio applies to the full allocation, including any Hold Bonus DOS, subject to the terms of this Agreement.

7.3 ShivAI Treasury shall respond to a transfer request within two (2) Business Days. If the transfer request is accepted, ShivAI Treasury shall initiate the applicable payout within four (4) Business Days from the date of acceptance, less the fees specified in Clause 10.

7.4 Any payout following an accepted Treasury transfer shall be remitted to the same bank account or source from which the original Participation Amount was received, subject to applicable banking, AML, sanctions and regulatory requirements.

7.5 The buyback ratios are indicative and are not guaranteed. They are subject to the performance of the Company's underlying business and assets, market conditions, availability of Treasury funds and applicable law and regulatory requirements.

7.6 ShivAI Treasury may revise or withdraw a buyback offer at any time before it accepts a transfer request.

7.7 If ShivAI Treasury does not accept a transfer request, the Participant shall retain the DOS and may continue to hold them, subject to this Agreement and Clause 9.

7.8 Any transfer to ShivAI Treasury before Month 24 shall result in forfeiture of the Hold Bonus in accordance with Clause 8.

8. HOLD BONUS

8.1 If the Participant holds the full original DOS allocation continuously from the Credit Date through Month 24, the Company shall issue the applicable Hold Bonus at Month 24 at the percentage stated for the applicable participation level in Schedule 2.

8.2 The Hold Bonus is calculated as a percentage of the Participant's full original DOS allocation and is issued once, in DOS, and not in cash.

8.3 If the Participant transfers any DOS before Month 24, including any transfer to ShivAI Treasury at Month 12, the Hold Bonus shall be forfeited in full.

8.4 Hold Bonus DOS shall come from the reserved portion of the DOS Pool and shall not increase the total supply beyond 1,000,000,000 DOS.

8.5 The Hold Bonus is subject to the performance of the Company's underlying business and assets, applicable law and regulatory requirements. No Hold Bonus constitutes a guaranteed return or profit.

9. TRANSFER RESTRICTIONS

9.1 DOS may not be transferred, pledged, assigned, charged or otherwise dealt with, other than to ShivAI Treasury under Clause 7, until the Company notifies the Participant that the platform transfer facility is licensed, approved where required and operational.

9.2 A platform transfer facility is being developed. The exact go-live date is dependent upon and subject to applicable regulatory approval, KYC/AML requirements, technical readiness and platform readiness.

9.3 Once the platform transfer facility is live, unlocked DOS may be transferred only to an eligible and whitelisted participant through the platform, at a price agreed between the parties to the transfer, and subject to ShivAI Treasury's first right, applicable KYC/AML requirements and the platform rules.

9.4 Any purported transfer made in breach of this Clause 9 shall be void to the extent permitted by applicable law and shall not be recognised by the Company or platform.

9.5 The Company does not undertake that the platform transfer facility will become available by any particular date.

10. FEES AND COSTS

10.1 No fee is charged on the Participation Amount at entry.

10.2 A platform fee of 2% of the Transfer Value applies only when unlocked DOS are transferred to ShivAI Treasury or, when the platform transfer facility is live, to another participant. The applicable fee may be deducted from the amount otherwise payable to the Participant.

10.3 Any blockchain fee, gas fee and any payment gateway charge applicable to a transaction shall be borne by the Participant.

10.4 No transfer fee is charged merely because DOS remain held in the Wallet.

13. REFUNDS AND DECLINED PARTICIPATION
